

RON GALPERIN CONTROLLER

March 1, 2018

Honorable Eric Garcetti, Mayor Honorable Members of the City Council

#### SUBJECT: REVENUE FORECAST REPORT

In accordance with City Charter Section 311(c), I am submitting a current and updated revenue estimate for fiscal year 2017-18 and revenue projections for fiscal year 2018-19. Also included are the 2018-19 debt service and General Fund cash flow borrowing requirements.

The City's adopted budget for 2017-18 is \$9.3 billion. Two thirds of this (\$5.8 billion) is General Fund monies; the remainder (\$3.5 billion) is from special fund revenues and some special fund existing balances. The special fund monies come from a variety of fees, grants, and other restricted funding sources - and may be used for specific purposes.

In order to develop our forecast, the Controller's Office collected revenue projections from City departments, reviewed recent economic reports and projections, and met with a number of local economists, including those from Beacon Economics, Krueger Economics, and the UCLA Anderson School of Management. While forecasts necessarily involve some uncertainty, this forecast represents our best estimates based on the information available. Seeking to promote responsible fiscal policy, we provide a relatively conservative forecast of revenues.

General Fund receipts for the current year are estimated to be \$5.8 billion, a 2.9 percent increase from 2016-17 revenue, but \$35 million less than the City's Adopted Budget. Higher than anticipated revenues from property and business taxes are offset by less-than-budgeted Documentary Transfer Tax and Utility Users Tax revenues. In addition, anticipated new revenue streams from billboards and the recently adopted affordable housing linkage fee have yet to materialize.

Honorable Eric Garcetti, Mayor Honorable Members of the City Council March 1, 2018 Page 2

For 2018-19, we project General Fund revenues to be \$6.0 billion, \$170 million (2.9 percent) more than the current projected revenues for 2017-18. Growth in Property Tax, Franchise Income, and Licenses, Permits, Fees & Fines, along with implementation of the linkage fee, is expected to be offset by potentially lower revenues such as Telephone Users Tax, and by projected spending increases.

While 2.9 percent projected growth in the General Fund may sound relatively positive, when compared to expenditure growth that has averaged 4.8 percent annually each of the last five years, it is clearly not enough. While short-term fixes and small adjustments can balance these in the short run, this situation offers no protection against unanticipated economic stress.

In order to meet its needs, the City must work diligently to maximize its existing revenue streams as well as identifying new sources. Cannabis revenues are a notable example. The City is projected to generate funds from Cannabis-related licensing fees and business taxes of at least \$20 million. Cannabis-related sales taxes are somewhat more difficult to project; the sums that the City realizes will depend on an effective and efficient licensing and enforcement process.

Over the past decade, the City has grown the Reserve Fund, which reached a high of 8.2 percent of the General Fund in 2015. Currently, the Reserve Fund balance is \$377 million, 6.5 percent of the 2017-18 General Fund. This is a healthy amount. However, while the City Charter dictates a 5 percent Reserve Fund Policy, it's important that we continue to build our reserves to weather any economic slowdown.

Special fund revenue (including monies from bond sales) is estimated to be \$2.6 billion, which is \$176 million (7.2 percent) more than 2016-17, but \$140 million less than the City's Adopted Budget. This is attributable to the City issuing less Sewer Construction and Maintenance Fund bonds than originally anticipated in the budget. For 2018-19, special fund revenue is projected to grow by \$189 million (7.2 percent) to a total of \$2.8 billion, led by strong growth in Gas Tax, Measure M Local Return, and Solid Waste Resources Fund receipts.

Special fund revenues have been growing faster than General Fund revenues for years. As a result, the cash balances in the City's many special funds have also been growing. There remains a clear need for the City to address the issue of special funds and its many

Honorable Eric Garcetti, Mayor Honorable Members of the City Council March 1, 2018 Page 3

priorities. With the resources allocated in the 2017-18 budget, my Office is researching these funding opportunities, and will work with the Mayor and Council over the coming months to identify the best options for inclusion in the 2018-19 budget.

Richard H. Llewellyn, City Administrative Officer

## **SUMMARY**

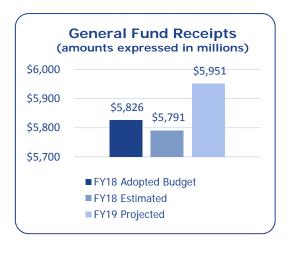

This Revenue Forecast Report for the City of Los Angeles forecasts fiscal years 2017-18 and 2018-19 revenue in advance of the upcoming budget process. Also included are the estimated requirements for debt service and General Fund cash flow borrowing. The Forecast is issued pursuant to the Controller's City Charter mandate to monitor and report on all matters relating to the City's fiscal health, to keep the City's official financial records, and to supervise expenditures of the City.

An online interactive tool for exploring the forecast, with 10 years of data including exhibits and schedules is found at <a href="lacontroller.org/revenue">lacontroller.org/revenue</a>. Open data for all City financials is available online at ControlPanelLA (<a href="ControllerData.LACity.org">ControllerData.LACity.org</a>), including monthly updated information on General and Special Fund revenues. Economic presentations provided by local economists to the Controller in the development of this Financial Forecast Report are also available at LAController.org.

#### **Financial Outlook**

Local economists, with whom we consulted, project that economic growth in Los Angeles will be moderate in 2018 with slightly slower growth in 2019. No recession is predicted, though some signs of stress, especially in the housing market, are cause for long-term concern.

As household employment has grown above pre-recession levels, unemployment is the lowest in years, declining to 4.4 percent in November 2017. Recent trends indicate that job growth is slowing down as the Los Angeles labor market tightens. Because of the strong labor market, personal wages and incomes have risen, with a concurrent rise in taxable sales.

The forecast expects the local economy to benefit from the reduction of marginal Federal tax rates in the short run. However, limits placed on state and local income and mortgage interest deductions will likely have a negative impact on the housing market given the high cost of real estate in the City. Median home prices, which have grown steadily in recent years, are expected to increase at a slower pace than prior years.

With this environment and assumptions in mind, the City is currently estimated to realize General Fund revenues in the current fiscal year of approximately \$5.791 billion, \$35 million or 0.6 percent lower than the 2017-18 Adopted Budget total General Fund revenue of \$5.826 billion, but \$163 million more than 2016-17. Total 2018-19 revenues are projected to \$5.961 billion, \$170 million or 2.9 percent more than the current year estimate.

#### **Debt**

The estimated City debt service requirement for 2018-19 is \$585.2 million, \$21 million more than 2017-18, excluding debt service on the TRAN. \$119.2 million of this amount is for principal and interest payments on the City's \$843.8 million in outstanding General Obligation Bonds (GOB). GOBs are general obligations of the City payable from ad valorem taxes levied on all of the taxable property of the City. The remaining debt service covers the Municipal Improvement Corporation of Los Angeles (MICLA); and Wastewater, Solid Waste Resources, Site-Specific Tax, and Judgment Obligation Bonds.

In total, debt service is projected to be 5.72 percent of projected 2018-19 General Fund receipts, well under the 15 percent limit set by the City's Debt Policy.

#### **General Fund Cash Flow**

Annually, the Controller estimates an amount of borrowing needed to meet City short-term cash flow requirements in the first half of the next fiscal year. Based on revenue and expenditure patterns, the likely cash flow borrowing requirement in 2018-19 is between \$400 million to \$450 million.

In addition to the TRAN, the Controller is authorized to enter into short-term borrowing from the Reserve Fund when cash flow is needed. However, this can cause concern when the Reserve Fund balance is close to the five percent target set by the City's financial policies. In order to balance this concern against cash flow needs and legal caps on the TRAN, the Controller's Office will work closely with the City Administrative Officer to determine the most appropriate amount to borrow.

## DISCUSSION

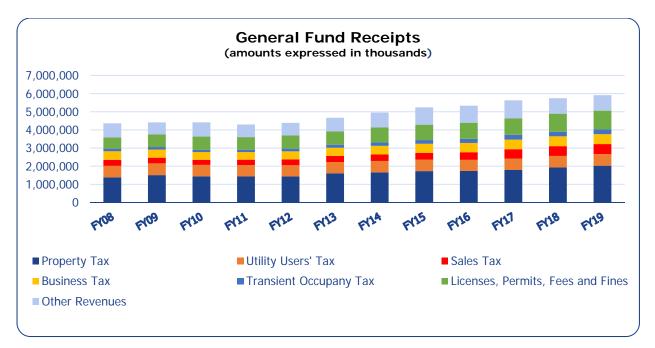

# General Fund Revenue Projections for 2017-18 and 2018-19

EXHIBIT 1

TOTAL GENERAL FUND REVENUE
(dollar amounts expressed in thousands)

Adopted	Controller's M	/larch 1, 2018		% Change	
Budget	Estimated	Receipts			
			2017-18	2018-19	2018-19
			Estimate/	Projected/	Projected/
			2017-18	2017-18	2017-18
2017-18	2017-18	2018-19	Budget	Estimate	Budget
(a)	(b)	(c)	(b) / (a)	(c) / (b)	(c) / (a)
General Fund Revenue \$ 5,826,456	\$ 5,791,442	\$ 5,961,204	-0.60%	2.93%	2.31%

The City's General Fund revenue comes from a wide variety of sources. The largest single source is Property Tax, which represents just under one third of all General Fund revenue. Other major revenue sources include Utility Users' Tax, Sales Tax, Business Tax, Transient Occupancy Tax, Power Revenue Transfer, Documentary Transfer Tax, and Licenses, Permits, Fees and Fines. The chart below illustrates this diversity.

The City is estimated to realize General Fund revenues in the current fiscal year of approximately \$5.791 billion, \$35 million or 0.6 percent below the 2017-18 Adopted Budget of \$5.826 billion. This Office bases these estimates on information received from departments, consultation with local economic experts and academics, and historical as well as recent trends.

Total 2018-19 General Fund revenues are projected to \$5.961 billion, an increase of \$169 million or 2.9 percent over the 2017-18 estimate. It should be noted that the Controller's 2018-19 General Fund revenue estimates do not account for discretionary one-time transfers from the Reserve Fund or other funds identified during the budget process.

The complete list of estimated City receipts for 2017-18 and 2018-19 is presented in Schedule 1.

## **Economy-Sensitive General Fund Revenues**

The seven major revenue sources labeled "Economy-Sensitive" include Property Tax, Utility Users' Tax, Business Tax, Sales Tax, Transient Occupancy Tax, Documentary Transfer Tax, and Parking Users' Tax. Together, they represent 72 percent of General Fund revenues in the 2017-18 Adopted Budget.

The most volatile tax revenue is Documentary Transfer Tax, which is assessed on real estate sales and transfers. As shown in the chart below, the documentary transfer tax receipts reached a historical high of \$217 million in 2005-06. Receipts plunged in the wake of the real estate market's collapse, falling to \$84 million in 2008-09, a decrease of 61 percent in three years. As the housing market and overall economy began to recover, double digit growth resumed, and approached the 2005-06 high with \$210 million in receipts in 2016-17.

While the documentary transfer tax receipts represent only 3.7 percent of 2016-17 General Fund revenues, it is nonetheless a significant revenue stream that can quickly and sharply fluctuate in a very short period of time. Its growth rate has recently slowed to single digits. Based on recent trends, documentary transfer tax is actually estimated to decline by 3.4 percent in 2017-18. The 2018-19 receipts are projected to remain flat, as most indicators are not foreseeing a crash like 2007, but this tax will need to be watched closely in case it begins to turn more dramatically negative.

Discussion

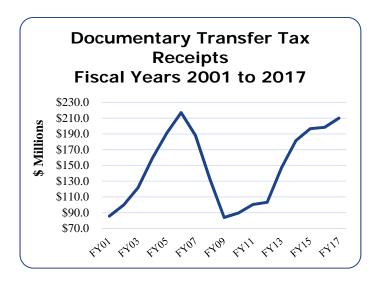

Exhibit 2 presents the City's economy-sensitive General Fund receipts in the 2017-18 Adopted Budget, and the Controller's estimates for 2017-18 and 2018-19.

EXHIBIT 2

GENERAL FUND ECONOMY-SENSITIVE REVENUES

(dollar amounts expressed in thousands)

	Adopted Budget 2017-18		Controller's March Estimated Red 2017-18 2 (b)			•	% Change of Adopted 2017-18 (b) / (a)	ver 2017-18 I Budget 2018-19 (c) / (a)
Property Tax	\$	(a) 1,833,755	\$	1,849,300	\$	1,942,900	0.85%	5.95%
Utility Users' Tax	Ť	661,200	Ť	633,000	Ť	642,000	-4.26%	-2.90%

Revenues	\$	4,156,621	\$	4,168,300	\$	4,301,900	0.28%	3.50%

General Fund economy-sensitive revenues are estimated to increase in 2018-19 by 3.5 percent above the 2017-18 Adopted Budget. Exhibit 3 provides an explanation of the estimates of General Fund economy-sensitive revenues for 2017-18 and 2018-19.

#### **EXHIBIT 3**

# GENERAL FUND ECONOMY-SENSITIVE REVENUES YEAR-TO-YEAR CHANGES

	Fiscal Year 2017-18	Fiscal Year 2018-19
Property Tax	<ul> <li>Total property tax receipts will be \$15.5 million above the budgeted amount to \$1.849 billion mainly due to higher than anticipated one percent prior year secured property tax revenue.</li> <li>One percent secured property tax receipts is estimated to increase by 7.2% from prior year actual revenue (PY).</li> <li>Total property tax receipts estimate is \$58 million or 3.2% above PY.</li> </ul>	<ul> <li>Total property tax receipts are projected to increase by \$93.7 million over the 2017-18 estimate to \$1.942 billion.</li> <li>The estimate reflects 6.0 % assumed growth in secured levy based on consultation with local economists.</li> <li>One percent secured property tax receipts is projected to \$1.478 billion, a \$68.6 million or 4.8% increase from the 2017-18 estimate.</li> <li>The vehicle license fee (VLF) swap is projected to \$464.9 million, a \$25.1 million increase from the 2017-18 estimate.</li> </ul>
Utility Users' Tax	<ul> <li>The estimated utility users' tax (UUT) receipts of \$633.0 million includes \$387.0 million electric users', \$176.0 million telephone users', and \$70.0 million gas users'.</li> <li>Electric users' tax receipts are estimated based on collection trends and reflect the approved rate increase. The estimate is \$30.4 million or nearly 8.5% greater than PY, though well below the budgeted amount.</li> <li>The telephone users' tax receipts are estimated at \$9.6 million below budget based on actual collection trend through the first six months of the year. The estimate is \$18.5 million or 9.5% less than PY.</li> <li>With natural gas prices flat in the current fiscal year, gas users' tax receipts are estimated to be slightly above budget based on collection to date. The estimate is \$3.7 million or 5.0% less than PY.</li> </ul>	<ul> <li>The estimated UUT receipts of \$642.0 million include \$404.0 million electric users', \$168.0 million telephone users', and \$70.0 million gas users'.</li> <li>Electric users' tax receipts are projected to increase by 4.3% from the 2017-18 estimate. This is based on DWP's estimate and reflects the approved rate increase.</li> <li>Telephone users' tax receipts are projected to continue their declining trend with a 4.5% reduction from the 2017-18 estimate.</li> <li>No growth in gas users' tax receipts is anticipated in 2018-19. Gas prices and demand are projected to remain flat.</li> </ul>

#### **Business Tax**

- Current fiscal year business tax receipts will be above budget based on assumed 3.4% growth from PY and a \$20.0 million one-time payment through the voluntary disclosure program (VDP), offset by \$16.4 million in business tax rate reduction, for a net total of \$544.0 million, or \$25.1 million above budget. The estimate is \$16.1 million or 3.0% above PY.
- Business tax receipts are projected to remain flat. The forecast reflects 3.8% economic growth offset by elimination of the one-time VDP revenue realized in 2017-18. The projection includes \$4 million in recreational marijuana related revenues. This amount has not been adjusted to account for the proposed change to the due date.

#### Sales Tax

- Sales and use taxes will total to \$536.0 million, \$7.3 million above budget. The estimate is \$15.6 million or 3.0% above PY.
- Sales and use tax receipts are estimated to total \$550.0 million, a 2.6% increase over the 2017-18 estimated receipts based on trends and consultation with local economists, and includes \$1 million in recreational marijuana related receipts.

#### Transient Occupancy Tax (TOT)

- Current fiscal year receipts are estimated at \$247.0 million \$1.1 million below budget. The estimate is \$13.2 million or 5.7% greater than PY.
- It is projected that TOT hotel revenues will total \$258.0 million, a 4.5% increase over the 2017-18 estimated receipts based on anticipated growth in room rates and opening of several new hotels.

#### TOT - Shortterm Rental

- Office of Finance (Finance) estimates receipts from the tax collection agreement with Airbnb at \$46.0 million, \$12.3 million above budget. The estimate, \$14.0 million or 43.7% greater than PY, reflects trend in actual receipts collected through the first half of the current fiscal year.
- Short-term rental TOT receipts is expected to slightly increase by \$2.0 million or 4.3% to \$48.0 million.

#### Documentary Transfer Tax

- It is estimated that current fiscal year receipts will be \$16.1 million or 7.3% below budget to \$203.0 million. This represents 3.3% decline in revenue from the PY. While the number of deeds through the first seven months of the current fiscal year have increased by 4.4%, the year-to-date average price per deed has decreased by 9.3%.
- Documentary transfer tax receipts are expected to remain flat in 2018-19 at \$203.0 million.

#### Parking Users' Tax

- Current year receipts are estimated to nearly \$3.0 million below budget based on collections to date. The estimate is \$1.2 million or 1.0% less than PY.
- 2018-19 parking users' tax receipts will remain flat at \$110.0 million next fiscal year.

## Licenses, Permits, Fees and Fines

In the March 2017 Revenue Forecast Report, this Office introduced the concept of breaking down the broad Licenses, Permits, Fees and Fines (LPFF) revenues, which represents almost 20 percent of General Fund receipts, into three categories: LPFF, Services to Proprietary Departments and Reimbursements from Other Funds.

City department services to proprietary departments, such as fire protection, construction inspection, and City Attorney billings for Department of Airports, Water and Power, and Harbor make up the "Services to Proprietary Departments" category. The "Reimbursement from Other Funds" category consists of special fund reimbursements for costs that are paid for by the General Fund for central services such as payroll, leasing and fleet, and fringe benefits such as health insurance and retirement, as well as reimbursements to the City from other governmental agencies such as Metro and LAUSD, for services such as policing and election administration. The remaining revenues of fees for special services such as animal licenses, engineering permits, fire brush clearance fees, and ambulance billings, as well as numerous other smaller revenues.

Exhibit 4 presents the budgeted and estimated 2017-18 and projected 2018-19 LPFF revenues by category.

# EXHIBIT 4 LICENSES, PERMITS, FEES AND FINES (amounts expressed in thousands)

			С	Controller March 1, 2018				
	F	Adopted		Estimated	d Red	eipts		
		Budget	FY	2017-18	FY	2018-19		
Licenses, Permits, Fees and Fines	\$	355,352	\$	345,408	\$	332,109		
Services to Proprietary Departments		151,635		149,499		150,362		
Reimbursement from Other Funds		540,007		503,846		554,433		
Total Licenses, Permits, Fees								
and Fines	\$	1,046,994	\$	998,753	\$	1,036,904		

In 2017-18, total LPFF is estimated to \$998.8 million or \$48 million below budget. The shortfall is largely due to the delayed implementation of the Affordable Housing Linkage fee, unrealized billboard lease revenue, delay in Police billing for Metro policing services, and reduced related costs reimbursements from the Planning and Housing and Community Investment Departments, attributable to staff vacancies, grant availability, and unrealized The 2018-19 LPFF projection increases. includes anticipated implementation of Housing Linkage fees and collection of anticipated reimbursements from Metro, Planning, and Housing and Community Investment, but does not assume any billboard revenue.

## Other Significant Revenues

Exhibit 5 depicts other revenues such as Franchise Income, Parking Fines, Power Revenue Transfer, and Ex-CRA Tax Increment. The revenue estimates are provided by various departments responsible for administration of the program(s) and/or collection and transmittal of the receipts to the General Fund.

EXHIBIT 5

OTHER SIGNIFICANT REVENUES
(amounts expressed in thousands)

	A	dopted	C	Controller M	arc	ch 1, 2018	% Change over FY2017		
	Budget			Estimated	l R	eceipts	Adopted Budget		
	F	Y 2018		FY 2018		FY 2019	FY 2018	FY 2019	
		(a)		(b)		(c)	(b) / (a)	(c) / (a)	
Franchise Income	\$	58,123	\$	58,000	\$	79,000	-0.21%	35.92%	
Parking Fines		140,900		139,000		139,000	-1.35%	-1.35%	
Power Revenue Transfer		242,500		241,848		240,000	-0.27%	-1.03%	
Ex-CRA Tax Increment		74,168		84,000		84,000	13.26%	13.26%	

Franchise income is collected from City franchisees, including distributors of natural gas; cable TV operators; and others such as official police garages and taxicabs. RecycLA, the solid waste collection franchise system for commercial, industrial and large multi-family buildings, was partially implemented during

the fiscal year. The estimated 2017-18 Franchise income revenue will meet budget while 2018-19 is projected to increase by \$21 million to \$79 million, primarily due to anticipating a full-year of RecycLA revenue, which is anticipated to generate \$35 million in 2018-19.

Parking Fines are based on Department of Transportation (DOT) estimates. DOT estimates 2017-18 revenue to be \$1.9 million or 1.3 percent lower than budget and 2018-19 projected parking fines will remain flat.

The Power Revenue Transfer is set as a percentage of prior-year gross operating power revenue realized by the Department of Water and Power (DWP). DWP has approved a transfer of \$241.8 million this fiscal year. The forecast of \$240 million is based on DWP's assumed energy sales.

Current year Ex-CRA Tax Increment revenue is estimated to \$84 million, \$9.8 million above budget based on trend analysis. Actual receipts through January include \$6.1 million in unanticipated surplus property sales. It is projected that 2018-19 revenue will total \$84 million.

## **Special Purpose Fund Revenues**

Special Fund revenues represent approximately 30 percent of total 2017-18 Adopted Budget receipts. In addition, Available Balances, which are projected cash balances at the beginning of the fiscal year, represent 7.5 percent of budgeted Special Fund revenues. Schedule I presents a breakdown of 2016-17 actual, 2017-18 estimated and 2018-19 projected revenues by budgeted Special Fund. Available Balances are excluded from this report.

Based on departmental estimates, 2017-18 total Special Fund revenues are estimated to \$2.628 billion or 5.2 percent below budget, and \$172.6 million or 7.0 percent above prior year actual receipts. 2018-19 Special Fund revenues are projected to \$2.822 billion, an increase of \$193.4 million or 7.4 percent greater than prior year estimated revenues.

Exhibit 6 presents the 2017-18 and 2018-19 adopted and estimated revenues for many of the largest Special Funds.

EXHIBIT 6

SELECTED SPECIAL FUND REVENUES (amounts expressed in thousands)

	Adopted Budget		C	Controller M Estimated	•	% Change over FY2018 Adopted Budget		
	FY	2018		FY 2018	FY 2019	FY 20	18	FY 2019
		(a)		(b)	(c)	(b) /	(a)	(c) / (a)
Sewer Construction and Maintenance	\$	999,789	\$	863,470	\$ 911,234	-13.63	3%	-8.86%
Solid Waste Resources		312,905		317,794	386,622	1.569	%	23.56%
Proposition A Local Transit Assistance		149,433		149,433	147,495	0.00	%	-1.30%
Building and Safety Enterprise		144,846		166,402	157,381	14.88	%	8.65%
Special Gas Tax Street Improvement		122,186		119,512	181,195	-2.19	%	48.29%
Proposition C Anti-Gridlock Transit Improv.		76,894		76,643	78,698	-0.33	%	2.35%
Measure R Traffic Relief & Rail Expansion		45,400		45,400	47,000	0.00	%	3.52%
Code Enforcement Trust		39,728		39,914	39,737	0.479	%	0.02%
Measure M Local Return		39,100		39,100	50,214	0.009	%	28.42%

The projected gains for 2018-19 are led by growth in Solid Waste Resources, Sewer Construction and Maintenance, Gas Tax, and Measure M. The new portion of the Gas Tax, SB-1, and Measure M are showing their first full year in place, which is the cause of the high rate of growth in these funds. Also showing strong growth in the current year is the Building and Safety Permit Enterprise Fund, though the extreme volatility of construction permit revenue leads to conservative estimates of that revenue looking forward.

## **General Fund Cash Flow Borrowing**

## **Current and Prior Year Experience**

Due to the timing difference between receipts and expenditures, the Controller annually requests issuance of Tax and Revenue Anticipation Notes (TRAN) to ensure that the General Fund has sufficient cash to cover expenditures during the first half of the fiscal year. The Controller also has the ability to initiate Reserve Fund and interfund borrowing during the year for cash flow purposes. Exhibit 7 illustrates cash flow borrowings for 2008-09 through 2017-18.

**EXHIBIT 7** 

#### GENERAL FUND CASH FLOW BORROWINGS FOR FISCAL YEARS 2008-09 THROUGH 2017-18 (amounts expressed in thousands)

		Total Annual Cash Flow Borrowings								
Fiscal	Reserve		Other							
Year	Fund		Funds		TRAN		Total			
2008-09	\$	\$	116,000	\$	350,000	\$	466,000			
2009-10	100,000	(1)	150,000		400,000		650,000			
2010-11					450,000		450,000			
2011-12					400,000		400,000			
2012-13					425,000		425,000			
2013-14					400,000		400,000			
2014-15					350,000		350,000			
2015-16	50,000	(2)			350,000		400,000			
2016-17					400,000		400,000			
2017-18	50,000	(2)			400,000		450,000			

#### Notes

Annually, the Controller estimates an amount of borrowing needed to meet City short-term cash flow requirements in the first half of the next fiscal year. The Controller's Office will work with the Mayor and City Administrative Officer (CAO), as in prior years, to determine the amount of borrowing required and its source, as better information becomes available. The likely cash flow borrowing requirement in 2018-19 would be between \$400 million to \$450 million.

As the amount borrowed for cash flow needs is sometimes insufficient to meet General Fund cash flow needs, the Controller is authorized to enter into short-term borrowing from the Reserve Fund. However, this can cause concern when the Reserve Fund balance is close to the five percent target set by the City's financial policies. In order to balance this concern against cash flow needs and legal caps on the TRAN, the Controller's Office will work closely with the City Administrative Officer to determine the most appropriate amount to borrow.

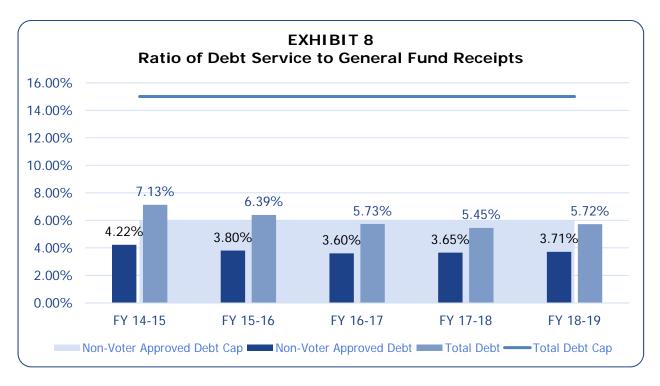

<sup>(1)</sup> The \$100 million Reserve Fund borrowing was needed as gap funding until Council authorized other fund borrowing.

<sup>(2)</sup> The \$50 million Reserve Fund borrowing was short term until Property Tax receipts were received

## **Debt**

## **City Debt Policy**

Exhibit 8 below illustrates the City's debt service in relation to General Fund receipts and demonstrates compliance with the City's debt management policies.

Note: FY 2014-15 to FY 2016-17 ratios are based on actual General Fund receipts. FY 2017-18 and FY 2018-19 ratios are based on estimated and projected receipts.

The City's debt policy established maximum levels for voter and non-voter approved debt. The maximum debt service level for non-voter approved debt is not to exceed six percent of General Fund revenues (with certain exceptions). As you can see, the City has managed its debt issuance very conservatively, with debt service well below the policy limits. Based on the current ratio of debt service to total projected receipts in 2018-19, the City has the capacity to issue additional non-voter approved debt with an annual debt service requirement of up to \$136.5 million or 2.29 percent of General Fund receipts. Assuming long term debt at 5 percent interest, this would equate to more than \$25 billion in additional debt capacity.

The City's total debt service level for voter and non-voter approved debt shall not be greater than 15 percent of General Fund revenues. After the \$136.5 million, the City has the capacity to issue voter approved debt with an annual debt service requirement of no more than \$417 million. Again assuming long term debt at five percent interest, this would equate to more than \$75 billion in additional voter-approved debt capacity.

#### **EXHIBIT 9**

#### CITY DEBT POLICY

Shall not exceed 6% of General Fund revenue for non-voter approved debt and 15% for voter approved and non-voter approved combined (dollar amounts expressed in thousands)

2018-19	220,999	119,694		340,693	5,961,204	3.71%	2.01%	5.72%		

<sup>(1)</sup> All years with capitalized interest have been adjusted upwards to reflect bond proceeds to pay for capitalized interest. For2008-09; 2009-10; 2010-11; 2011-12; 2012-13; and 2013-14; the adjustments are \$16,082,240; \$16,082;240, \$4,060,169; \$2,942,063; \$4,928,625; \$3,308,633; respectively. In addition, receipts for all fiscal years include revenues from the Staples Center.

After many years without new voter-approved debt, Los Angeles voters approved Proposition HHH in November 2016 authorizing the City to issue more than \$1 billion in new General Obligation Bonds to finance construction of affordable housing. In July 2017, \$89 million in new debt was issued.

## **City Indebtedness**

Exhibit 10 provides the outstanding balances of City debts along with 2017-18 and 2018-19 estimated debt service requirements based on the amount of current outstanding debt.

#### Notes:

Source: Official Statements

The City strategically structures its various debt service schedules with the goal of stability. This means that, when one issuance is paid off and retired, payments are accelerated for other issuances. By scheduling the payments this way, the City avoids large swings in debt service which can have negative budgetary impacts.

<sup>(1)</sup> Long-term debt does not include short-term commercial paper notes. However, the goal is to replace commercial paper with long term debt. As of January 2018, the balance of the MICLA and Wastewater System commercial paper notes is \$324 million and \$0, respectively.

<sup>(2)</sup> Includes debt service requirement supported by assessment on real property approved by the electorate of \$526,375 in 2018-19.

<sup>(3)</sup> A total of \$1,449,055,000 in TRAN were issued on July 6, 2017, with final maturity of June 28, 2018. The amount of interest to be paid in 2018-19 will depend upon the size of the TRAN and interest rates at the time of sale. The size of the TRAN will depend upon the amount of cash needed for cash flow and budgetary decisions on advance funding of City pensions and retirement contributions.

## **General Obligation Bond Payments**

Exhibit 11 lists the City's General Obligation Bonds (GOB) debt service requirements for principal and interest for 2018-19. The total principal and interest requirements for 2018-19 are estimated at \$119.2 million. GOBs are general obligations of the City payable from ad valorem taxes levied upon all of the taxable property in the City. Taxes levied for the GOB debt service requirement are separate from the General Fund property tax revenue. The City issues GOB debt for capital improvement projects, including the acquisition of property and the construction of new facilities and improvements to existing facilities.
